

KANIKA MOHAN

Artificial Intelligence and Data Science Student

Coimbatore, Tamil Nadu, India | kanikanika185@gmail.com | linkedin.com/in/kanika-m-430183283 | github.com/Kanika185

ABOUT ME

Detail-oriented and analytical Artificial Intelligence and Data Science student with hands-on experience in Machine Learning, Data Analytics, MERN Stack Development, and Business Intelligence through multiple internships. Skilled in Python, SQL, Java, C, Power BI, Tableau, Excel, Machine Learning, and Data Visualization. Passionate about solving real-world problems using data-driven solutions and software development. Strong analytical thinking, problem-solving ability, teamwork, and communication skills. Seeking opportunities to contribute as a Data Analyst, AI Engineer, Java Full Stack Developer, or Software Engineer while continuously learning emerging technologies.

EDUCATION

Bachelor of Technology (B.Tech) – Artificial Intelligence and Data Science

2023 – 2027

Dhanalakshmi Srinivasan College of Engineering (Autonomous), Coimbatore

Relevant Coursework: Machine Learning, Data Analytics, Database Management Systems, Artificial Intelligence, Statistics, Python Programming, Data Structures.

PROFESSIONAL EXPERIENCE

Data Analytics Intern | Encapsulate IT, Coimbatore

June 2026

- Cleaned, processed, and analyzed business datasets using Python, SQL, Excel, and Power BI.
- Developed interactive dashboards and reports for business decision-making.
- Performed data visualization and trend analysis.
- Assisted in generating business insights and improving reporting efficiency.

Enterprise Application and API Development Intern (Java) | Skypark iTech IT Solutions, Coimbatore

Dec 2025 – Jan 2026

- Developed enterprise-level application features and RESTful APIs using Java.
- Designed and implemented backend logic for API integration and data exchange.
- Debugged and optimized application performance for enterprise use cases.

Data Analytics Intern | Skypark iTech, Coimbatore

Aug 2025 – Sep 2025

- Analyzed datasets using Python, SQL, Excel, Power BI, and Tableau.
- Built dashboards and visual reports for business analytics.
- Extracted meaningful insights to support data-driven decisions.

MERN Stack Intern | ATS, Coimbatore

Jun 2025 – Jul 2025

- Developed responsive web application features using MongoDB, Express.js, React.js, and Node.js.
- Assisted in API integration, debugging, and UI enhancements.
- Improved application performance and user experience.

Machine Learning Intern | AcmeGrade

Apr 2024 – May 2024

- Performed data preprocessing and exploratory data analysis.
- Built and evaluated machine learning models using Python.
- Worked with real-world datasets and presented analytical findings.

PROJECTS

Interactive Dashboard for a Manufacturing Company | Power BI, Excel

- Designed and built an interactive Power BI dashboard to track key manufacturing metrics such as production output, downtime, and quality defects.
- Cleaned and structured raw manufacturing data in Excel, using pivot tables and formulas to prepare it for analysis.
- Created visualizations (trend charts, KPI cards, and drill-down reports) to help stakeholders monitor plant performance in real time.
- Identified production bottlenecks and inefficiencies through data analysis, supporting data-driven operational decisions.

TECHNICAL SKILLS

Programming Languages: C, Java, Python, SQL

Data Analytics & BI: Power BI, Tableau, Microsoft Excel, Data Visualization, Data Cleaning, Statistical Analysis

Machine Learning: NumPy, Pandas, Matplotlib, Seaborn, Scikit-learn

Web Development: HTML, CSS, JavaScript, React.js, Node.js, Express.js, MongoDB

Databases: MySQL, PostgreSQL, SQLite

Tools: VS Code, Jupyter Notebook, Google Colab, Git, GitHub

CERTIFICATIONS

- AI in Healthcare – Skill Competency Certificate, July 2026

ACHIEVEMENTS

- Participant – MSME Idea Hackathon 4.0 (2024)
- Participant – Hackathon, Dhanalakshmi Srinivasan College of Engineering, Coimbatore (2025)

LANGUAGES

English, Tamil, Malayalam
